

# Energy Smart Eligible Measures

**EnergySmart**  
COLORADO

## Energy Efficiency Rebate: 50% Up to \$500

CATEGORY	MEASURE
<b>\$500</b>	Boiler or Furnace Replacement <ul style="list-style-type: none"> <li>Must be 92% AFUE efficient or better</li> </ul>
	Water Heating <ul style="list-style-type: none"> <li>High-efficiency (.67 EF gas, .92 EF electric)</li> <li>Tankless water heater (.82 EF minimum)</li> <li>Solar thermal systems</li> </ul>
	Wall/Attic Insulation <ul style="list-style-type: none"> <li>Add insulation to attic/roof total insulation values = R-49 minimum</li> <li>Insulate walls total wall R-19 minimum</li> </ul>
	Crawlspace/ Basement Improvement <ul style="list-style-type: none"> <li>Convert cold, vented crawlspace to a conditioned crawlspace with vapor barrier, air-sealing, rim joist and foundation wall insulation</li> <li>Insulate basement walls R-19 minimum for walls</li> </ul>
	Window Replacement <ul style="list-style-type: none"> <li>Replace low efficiency windows with U-.32 or better windows</li> <li>Must be whole-house replacement</li> </ul>
	Air Sealing <ul style="list-style-type: none"> <li>Comprehensive air sealing project. 25% air leakage reduction</li> <li>Blower door test-out required</li> </ul>
	Lighting <ul style="list-style-type: none"> <li>Replace incandescent lamps with LEDs. Products must Energy Star or Lighting Facts listed.</li> </ul>

### + Solar PV Rebate: Up to \$500

<b>\$500</b>	Solar PV <ul style="list-style-type: none"> <li>For grid-tied Solar Photo-Voltaic projects, NABCEP certification required.</li> </ul>
--------------	---

### = Total Rebate Amount \$1000

# Residential Utility Rebates

MEASURE	PROVIDER	FUNDS AVAILABLE	OTHER REQUIREMENTS/NOTES
Air Sealing	Holy Cross Energy	30% up to \$400	All electrically heated homes only. Requires whole house air sealing. Must reduce air leakage by 10%. Add \$100 bonus for 25% or higher air leakage reduction.
	SourceGas	30% up to \$300	Additional \$100 if energy assessment is completed
Insulation	Holy Cross Energy	30% up to \$300	All electrically heated homes only. Air sealing is required unless pre blower door test measures .45 ACHn or better. Attic: R-30 to R-49 Floor: No insulation to R-13 Exterior Wall: R-5 to R-24 Crawlspace: No insulation to R-15
	SourceGas	30% up to \$300	Crawlspace wall, Floor, and Wall must have no existing insulation. Attics must R-11 or lower existing.
	Xcel Energy	20% up to \$300	
High Efficiency Boiler	SourceGas	\$300	AFUE 95% or Greater
	Xcel Energy	\$100	AFUE 85% or Greater
High Efficiency Furnace	SourceGas	\$300-\$400	95%+ AFUE
	Xcel Energy	\$120	95 %+ AFUE
Furnace Maintenance	SourceGas	\$40	
Engine Block Heaters Timer	Holy Cross Energy	\$10/timer	Limit 2
Heat Tape (Hard Wired)		\$100/timer	Limit 2
Heat Tape (Plug-in)		\$5/timer	Limit 5
On-Demand Tankless	SourceGas	\$300	Efficiency Factor of .82 or better
	Xcel Energy	\$100	Efficiency Factor of .90 or better
Heat Pump Water Heater	Holy Cross Energy	30% up to \$300	Must be Energy Star rated Heat Pump
Refrigerator / Freezer		\$100	Must provide proof of recycling / Limit of 2
Gas Heat - Programmable Thermostat	SourceGas	\$25	Limit 1
	Holy Cross Energy	\$20	Limit 2
Electric Heat - Programmable Thermostat	Holy Cross Energy	\$50	Limit 4
LED Interior Lighting	Holy Cross Energy	50% of cost up to \$10 per LED	Limit 20 per account
Windows	Holy Cross Energy	\$2/sq ft up to \$600	All electrically heated homes only. U-value .32 or lower

REBATES AS OF 8.1.2014. ALL REBATES SUBJECT TO CHANGE. Please check the Provider's website for updates: [EnergySmartColorado.com](http://EnergySmartColorado.com), [HolyCross.com](http://HolyCross.com), [ExcessIsOut.com](http://ExcessIsOut.com), [XcelEnergy.com](http://XcelEnergy.com)

# 3 EASY STEPS TO A SAFE + COMFORTABLE + EFFICIENT HOME

## 1 Sign Up!

Visit [EnergySmartColorado.com](http://EnergySmartColorado.com) to enroll in the program OR call the Energy Resource Center to schedule your home energy assessment.

## 2 Get an Assessment

A qualified Energy Smart Analyst will come to your home and perform a comprehensive home safety and energy assessment including:

- Walk through inspection
- Combustion Safety Analysis
- Blower door testing and infrared to identify air leaks
- \$100 worth of on-the-spot energy installations including efficient bulbs and pipe wrap
- List of recommended improvements

## 3 Make Upgrades & Apply for Rebates

After the assessment, we'll help you implement the projects that fit your budget. We will assist with:

- Finding qualified contractors
- Securing the best rebates and incentives
- Applying for loans and other financing
- Tracking your savings as you make improvements

## It's All So Easy. Sign Up Today!

Visit [www.energysmartcolorado.com](http://www.energysmartcolorado.com) or call 970.328.8777.

Infrared camera identifying air leakage.

# FINANCING

Financing opportunities are available for residential property owners wishing to make eligible energy efficiency improvements to their homes in Eagle County.

- Energy Rebates available in addition to financing! (no money down/cash back)
- \$1000-\$25,000 Loan amount
- 5/7/10 Year Loan Terms

**TERMS/CONDITIONS:** Energy Smart Rebate participants must enroll in the Energy Smart Program and complete an Energy Smart Assessment. For existing single family homes only, not commercial multifamily buildings. Do-it-yourself (DIY) projects are eligible for rebates on materials only. Other improvement packages modeling 15% or better energy savings may be eligible for Energy Smart rebate. Rebate requests must be received within 180 days of the invoice date. Applicable receipts and/or invoices are required for rebate payment. All projects are subject to applicable regulations and permitting. Energy Smart Rebates are calculated after all other available incentives have been deducted. There is a program rebate cap of \$1000 per year. Energy Smart Colorado reserves the right to change rebates and/or standards without notice. Energy Smart Colorado reserves the right to inspect projects for completion and quality assurance. Rebate funds are limited and are available on a first-come first-serve basis. Applicants are encouraged to contact their local Energy Resource Center with any questions prior to completing projects
