

# 3 EASY STEPS

TO A SAFE + COZY + EFFICIENT HOME

1

## GET A HOME ENERGY ASSESSMENT

This is your gateway to using less energy. A \$400+ value for only \$100\*

- Safety Tests
- Blower Door Analysis
- Infrared Imaging
- Quick Fix Energy Installs
- Custom Report with Recommended Improvements

2

## GET ADVICE & GET IT DONE

Our energy advisors can discuss your assessment report and help you implement projects that fit your budget.

*We can help with:*

- Best Practices
- Finding Contractors
- Finding Financing
- Estimating Your Savings

3

## APPLY FOR REBATES

Energy Smart at Walking Mountains offers cashback rebates, and we can help you find incentives from utilities; see rebate list on reverse side.

	<b>Foundation/Basement Insulation</b>	30% up to \$300 (elect. heat); min R-15	\$0.50/sq ft up to \$250; min R-15		min R-19	
	<b>Condition Crawlspace</b>	30% up to \$300 (elect. heat); min R-30	Rim and Band Joist Insulation: \$0.25/sq up to \$250; min R-15		min R-19	
HEATING & COOLING	<b>Programmable Thermostat</b>	up to 50%; \$20 ea gas heat (limit 2); \$50 ea elect. heat (limit 4)	up to \$100	Discounted thermostats available on Utility Website	WiFi or Simple Setback; 50% up to \$100	
	<b>Furnace</b>		\$250 for min 0.94 AFUE; \$350 for min 0.96 AFUE	\$300; min 0.95 AFUE; must be on qualifying list; \$100 for ECM	Energy STAR	
	<b>Boiler</b>				Energy STAR	
	<b>Air-Source Heat Pump</b>	\$800; neep.org certified; limit 2		\$300 (15+ SEER, 11+ EER, 9+ HSPF)	neep.org certified	
HOT WATER	<b>Tankless Water Heater</b>		\$400 for min 0.90 EF	\$100 for min 0.87 UEF (gas only)	Energy STAR	
	<b>Standard Tank Water Heater</b> (Gas)		\$150 for min 0.67 EF	\$70 for min 0.64 UEF	Energy STAR	
	<b>Heat Pump Water Heater</b> (Electric)	30% up to \$450 (electric); Energy Star		\$450 (elect. customer)	Energy STAR	
ELECTRICITY	<b>LED Lighting</b>	50% up to \$5/bulb; lifetime max \$250 per account		Discounted LEDs available on utility website	Energy STAR or Lighting Facts	
	<b>Heat Tape Controls</b>	50% up to \$100/timer; Hard-wired Controls			Hard-wired Controls	
	<b>Refrigerator / Freezer Recycling</b>	\$50; must replace 15+ yr old working model with new; limit 2		\$50 (elect. customer); must recycle working 10-30 cubic ft unit; limit 2	Energy STAR; 50% up to \$100	
OTHER	<b>Solar PV</b>	0-6kW paid at \$750/kW 6-12kW paid at \$500/kW 12-15kW paid at \$200/kW		Solar Rewards Program	Grid-tied System	
	<b>Radon Mitigation</b>				pre/post radon levels required	

\*Pre and Post Blower Door tests required for Home Envelope rebates. Comprehensive air sealing typically required for insulation rebates.

\*\*For Energy Smart rebates: homeowners are eligible for up to \$500/year (Efficiency Upgrades, Solar PV or Radon Mitigation), not to exceed 50% of project cost when combined with utility rebates; Energy Smart home energy assessment is required.

\*\*\*Xcel participating contractor may be required. The town of Minturn may have access to more Xcel rebates.

Rebates are as of April 2019. All rebates are subject to change. Contact Energy Smart Colorado at Walking Mountains Science Center at (970) 328-8777 or consult your utility's website for the most up to date rebate information.
