

3 EASY STEPS

TO A SAFE + COZY + EFFICIENT HOME

1

GET A HOME ENERGY ASSESSMENT

This is your gateway to using less energy. A \$400+ value for only \$100*

- Safety Tests
- Blower Door Analysis
- Infrared Imaging
- Quick Fix Energy Installs
- Custom Report with Recommended Improvements

2

GET ADVICE & GET IT DONE

Our energy advisors can discuss your assessment report and help you implement projects that fit your budget.

We can help with:

- Best Practices
- Finding Contractors
- Finding Financing
- Estimating Your Savings

3

APPLY FOR REBATES

Energy Smart at Walking Mountains offers cashback rebates, and we can help you find incentives from utilities; see rebate list on reverse side.

Sign Up today! Visit EnergySmartColorado.com

Infrared camera identifying air leakage.

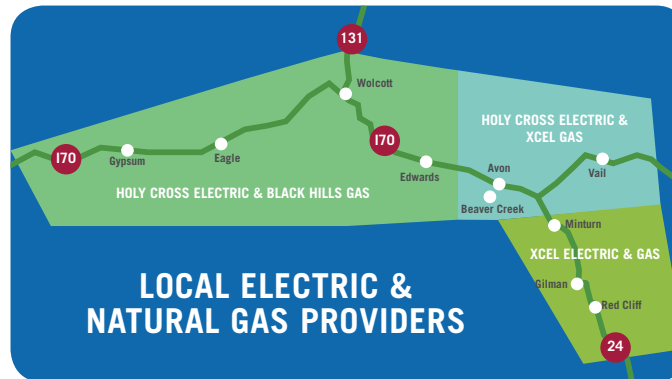

* Additional cost for homes over 3,000 square feet.

REBATES ARE CONTINGENT UPON ELIGIBILITY AND CRITERIA. TO LEARN MORE, CALL OUR ENERGY ADVISERS AT WALKING MOUNTAINS SCIENCE CENTER: (970) 328-8777.

	EFFICIENCY MEASURE	HOLY CROSS ENERGY (Electric)	BLACK HILLS ENERGY (Gas)	XCEL ENERGY***	ENERGY SMART AT WALKING MOUNTAINS**	50% OF PROJECT COSTS UP TO \$500 (PER YEAR)
HOME ENVELOPE*	Air Sealing (Comprehensive)	30% up to \$400 (\$500) (elect. heat); > 10% (25%) air leakage reduction	70% up to \$900	60% up to \$175; min 20% air leakage reduction	Whole house; min 10% air leakage reduction	
	Exterior Wall Insulation	30% up to \$700 (elect. heat); min R-13	\$0.50/sq ft up to \$850; min R-13	30% up to \$350	min R-19	
	Attic Insulation	30% up to \$300 (elect. heat); min R-49		30% up to \$350	min R-60	
	Foundation/Basement Insulation	30% up to \$300 (elect. heat); min R-15	\$0.50/sq ft up to \$250; min R-15		min R-19	
	Condition CrawlSpace	30% up to \$300 (elect. heat); min R-30	Rim and Band Joist Insulation: \$0.25/sq up to \$250; min R-15		min R-19	
HEATING & COOLING	Programmable Thermostat	up to 50%; \$20 ea gas heat (limit 2); \$50 ea elect. heat (limit 4)	up to \$100	Discounted thermostats available on Utility Website	WiFi or Simple Setback; 50% up to \$100	
	Furnace		\$250 for min 0.94 AFUE; \$350 for min 0.96 AFUE	\$300; min 0.95 AFUE; must be on qualifying list; \$100 for ECM	Energy STAR	
	Boiler				Energy STAR	
	Air-Source Heat Pump	\$800; neep.org certified; limit 2		\$300 (15+ SEER, 11+ EER, 9+ HSPF)	neep.org certified	
HOT WATER	Tankless Water Heater		\$400 for min 0.90 EF	\$100 for min 0.87 UEF (gas only)	Energy STAR	
	Standard Tank Water Heater (Gas)		\$150 for min 0.67 EF	\$70 for min 0.64 UEF	Energy STAR	
	Heat Pump Water Heater (Electric)	30% up to \$450 (electric); Energy Star		\$450 (elect. customer)	Energy STAR	
ELECTRICITY	LED Lighting	50% up to \$5/bulb; lifetime max \$250 per account		Discounted LEDs available on utility website	Energy STAR or Lighting Facts	
	Heat Tape Controls	50% up to \$100/timer; Hard-wired Controls			Hard-wired Controls	
	Refrigerator / Freezer Recycling	\$50; must replace 15+ yr old working model with new; limit 2		\$50 (elect. customer); must recycle working 10-30 cubic ft unit; limit 2	Energy STAR; 50% up to \$100	
OTHER	Solar PV	0-6kW paid at \$750/kW 6-12kW paid at \$500/kW 12-15kW paid at \$200/kW		Solar Rewards Program	Grid-tied System	
	Radon Mitigation				pre/post radon levels required	

*Pre and Post Blower Door tests required for Home Envelope rebates. Comprehensive air sealing typically required for insulation rebates.

**For Energy Smart rebates: homeowners are eligible for up to \$500/year (Efficiency Upgrades, Solar PV or Radon Mitigation), not to exceed 50% of project cost when combined with utility rebates; Energy Smart home energy assessment is required.

***Xcel participating contractor may be required. The town of Minturn may have access to more Xcel rebates.

Rebates are as of April 2019. All rebates are subject to change. Contact Energy Smart Colorado at Walking Mountains Science Center at (970) 328-8777 or consult your utility's website for the most up to date rebate information.
