

Let's recycle right!

Everyone Can Recycle

Paperboard
no frozen food boxes

Paper

Plastic Bottles, Tub,
Jugs & Jars *w/ lids*

Tin Cans

Aluminum Cans
plz don't crush

Glass Bottles
w/out lids

Glass Jars
w/out lids

Newspaper

Office/Mixed Paper

Magazines

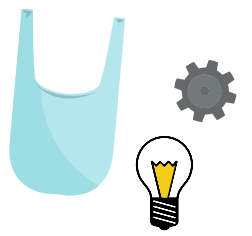

Junk Mail

It Depends...

- Aseptic Cartons
juice and milk cartons
- Cardboard
- Starbucks/other hot cups
- Clam-shell containers
plastic fruit & veggies containers
- Plastic cups

No One Can Recycle

- Small Plastics *utensils, cold/hot drink lids, dressing cups*
- Syringes & Needles
- #7 PLA Plastic
- Shredded paper*
- Textiles*
- Styrofoam *
- Greasy Pizza Boxes *compost if you can!*
- Plastic Bags*
- Large metal*
- Light Bulbs*
- E-Waste*

* These items can often be recycled properly via hard to recycle events throughout Eagle County. Check the Waste Wizard App for schedules.

Recycling can be confusing,

and there are different rules about what you can recycle dependent on where your recycling ends up! We have a few different recycling facilities our local haulers bring our recycling to. Each different facility has specific rules customers need to follow based on the capabilities of the recycling center to process that material. Because of this, in order to recycle right, it's important to understand a few things about your recycling service!

If you know the answer to these two simple questions, you will be able to figure out what you can and can't recycle in your home or business.

- 1 WHO IS YOUR RECYCLING HAULER?
- 2 DO YOU HAVE DUAL-STREAM (2 BINS) OR SINGLE-STREAM (1 BIN) RECYCLING?

This information can be found in the Eagle County Waste Wizard app. This free Eagle County specific app has all the answers for each type of stream for what can and can't be recycled.

DUAL-STREAM

Dual-stream recycling requires that you separate your comingled recycling (plastics, glass, cans, bottles) from the paper products (cardboard, paper, paperboard). The Eagle County Materials Recovery Facility is a dual-stream facility.

- > COMMUNITY DROP-SITE
- > VAIL HONEYWAGON
in the communities of:
TOWN OF EAGLE
TOWN OF MINTURN
ARROWHEAD

SINGLE-STREAM

Single-stream recycling allows you to put all recyclables into the same bin. There are no single-stream recycling facilities in Eagle County so some of this recycling must be driven down to Denver where there are single-stream facilities that can sort the recycling.

- > VAIL VALLEY WASTE
- > WASTE MANAGEMENT
- > VAIL HONEYWAGON all other business/residential pick up aside from the dual stream communities on left.

WHY?

THERE WILL BE
MORE PLASTIC
IN THE OCEAN
THAN FISH
BY 2050

CURRENT
RECYCLING
