

The Hottest August: What's Next?

<https://www.thehottestaugust.com>

Learn more about the film by visiting their official websites here:

<https://www.thehottestaugust.com/>

https://www.pbs.org/independentlens/blog/filmmaker-asks-new-yorkers-what-does-the-future-look-like/?fbclid=IwAR1txLnKVCVUYM_rj8jvChSEj2hNlnMUNy2bDhTU5joXZ1RkL5WtGiMKvSU

Tips for learning more and getting involved:

Learn about your individual impact on:

Carbon and energy emissions

<https://www.walkingmountains.org/sustainability-hub/>

Water usage

<https://www.watercalculator.org/>

<https://www.nrdc.org/experts/tracy-quinn/how-can-you-reduce-your-water-footprint>

Cities and climate change

<https://www.unep.org/explore-topics/resource-efficiency/what-we-do/cities/cities-and-climate-change>

<https://www.c40.org/ending-climate-change-begins-in-the-city>

Get involved in community groups and organize action campaigns:

Eagle County Climate Reality Project

<https://www.facebook.com/groups/418650202119504>

Read the Climate Action Plan for the Eagle County Community and take the Climate Action Pledge

<https://hub.walkingmountains.org/download-the-climate-action-plan-for-the-eagle-county-community>

<https://hub.walkingmountains.org/take-the-eagle-valley-climate-action-pledge-for-colorado>

Switch to renewable energy sources through Holy Cross Energy

<https://www.holycross.com/pure/>
