

Hiking Club Summer 2022

The Hiking Club

...a community of friends, hikers & naturalists

The Club began as the Vail Nature Center Hiking Club over 20 years ago, and we have been hitting Eagle County's trails ever since. Some of our hikers have been hiking together for over 15 years – and they come back year after year!

What is Walking Mountains Science Center?

Walking Mountains Science Center is a 501c3 nonprofit and environmental science center, serving over 150,000 people a year in Eagle County! Our mission is to “awaken a sense of wonder and inspire environmental stewardship and sustainability through natural science education.” Founded 23 years ago as the Gore Range Natural Science School, Walking Mountains Science Center is committed to promoting environmental education & sustainability in Eagle County.

Why join?

Our club hikers join us to put on their naturalist hats while learning about the wildlife, wildflowers, and wild places of Eagle County, to discover new trails, and to join our community of friends and hikers!

Our naturalist guides are Wilderness First Responders and certified interpretive guides who not only ensure your safety, but enthusiastically share their knowledge of Colorado's wildlife and natural history. You may not consider yourself a naturalist now, but after a summer of hiking with Walking Mountains you may find yourself a certified bird nerd, fungi fanatic, or wildlife whisperer!

Season: June 15 – September 30

- ❖ Unlimited Weekly Full Day Hikes exclusive to Hiking Club
- ❖ 10 Free Public Hikes per person per season (offered weekly, alternating Tues/Thurs)
- ❖ 2 friends & family guest passes
- ❖ Social Events (Welcome Happy Hour on June 8th & End-of-Season Potluck)

Hiking Club Cost: \$550
(Registration open 11am on Monday May 2)
